## REINVENTING THE EVENT BAR

---

Our bar program was designed with **sustainability**, **quality**, and **a mission** in mind. As such, our list is comprised of some of the best local and women driven spirits, wine and beer in the world; from woman owned brands, to female master distillers, to local brands that are making a difference.

Our team of bartenders also rank among the best in the city and we pride ourselves in threading the needle between high volume event space, and craft cocktail bar. We like to think that **we're changing how events drink**. Why settle for average wine, beer, or watered down drinks? At Town Stages you can expect delicious, top quality drinks no matter what event you're throwing.

We think we've created something truly special & we hope you do too.
